POWERS YET DIVIDED.

Majority Against Russia's Sug-
gestion to Withdraw Troops.

FRANCE INDORSES IT

Germany Declares Troops Must Hold
the Imperial City, and Italy
and Austria May so Declare.
Great Britain Undecided.

Washington, Sept. 7.—The latest ex-
pression as to the attitude of the powers
on the evacuation of Peking comes from
the United States ambassador at Paris,
General Horace Porter, who has ad-
vised the authorities here that the atti-
tude of the French government is favor-
able to the position taken by Russia.
Almost simultaneously with this dis-
patch from General Porter came another
from the American charge d'affaires at
Berlin giving the attitude of Germany
on Russia's proposal. This in substance
states that Germany, while anxious to
avoid any friction between the powers,
regards the conditions at Peking such as
to require the continued presence of
general forces there.

These two highly important commu-
nications bring the Chinese negotiations
to a very advanced stage, and show the
enlightenment of the powers. It is gen-
erally thought that Germany's attitude in
favor of remaining at Peking will be
acquired in by Italy and Austria as
these two countries act with Germany
on political questions.

As to the purposes of Great Britain
there is not an absolute lack of official
information though little doubt is en-
tertained that since Germany has taken
the attitude Great Britain will follow
suit in favor of remaining at Peking.

The position of Japan, likewise, is
lacking in definiteness, although it is
believed in the best posted quarters that
if other nations remain at Peking, Japan
will deem it expedient to remain there
also. It would seem from this that
France is the only government to give
concurrence to the Russian proposition,
although the United States has expressed
a purpose of following Russia's course,
unless the other powers brought about a
modification of Russia's position.

Thus far Russia has not exchanged
any purpose of modifying her original
position.

The receipt of communications from
Berlin and Paris brought about numer-
ous conferences between the president,
Secretary Root and Acting Secretary
of State Hill and also between Mr. Hill
and Mr. Adee. It was gathered from
these meetings that another note was
being prepared by the United States,
but the authorities did not feel disposed
to give any intelligence at present as to
its nature.

ENGLAND PLEASED.

The Attitude of Germany as to Russia's
Policy Well Received.

London, Sept. 7.—Germany's polite
refusal to withdraw from Peking is com-
mented upon with keen satisfaction in
London and the hope is expressed that
Lord Salisbury will show a similar firm-
ness. The British reply has not yet
been formulated. Lord Salisbury de-
sires to consult with his colleagues and
has notified the foreign office of his in-
tention to return to London from the
continent early next week. There is
little doubt however that Germany's re-
ply is the outcome of the discussion car-
ried on during the last few days between
the European cabinets and that the
compromise policy of maintaining the
occupation of the capital, but with draw-
ing the greater part of troops to Tien
Tsin will be found to have met with
general concurrence.

From Shanghai it is reported that Ja-
pan has notified the powers of her will-
ingness to withdraw her troops provided
an adequate guard is left for the lega-
tions and on the condition that China
formally requires evacuation and opens
genuine negotiations for peace.

France's decision to stand by Russia
offsets the attitude of Germany, but it is
believed all will be well.

Altogether appearances are most hope-
ful and it is likely that when Field Mar-
shal Count von Waldersee arrives a fort-
night hence at Taku, he will find the
allies agreed upon some common policy.

Shanghai is full of conflicting rumors
regarding the movements of Li Hung
Chang.

Allied Forces in China.

Berlin, Sept. 6.—The German admiral
reports that the allied forces landed at
Taku up to Aug. 25, were as follows:

German—Officers, 91; men, 3150, guns,
6; horses, 544.

American—Officers, 181; men, 5427;
guns, 17; horses, 1239.

Great Britain—Officers, 218; men, 6746;
guns, 25; horses, 1897.

France—Officers, 192; men, 5186; guns,
38; horses, 570.

Italian—Officers, 26; men, 552; guns, 1;
horses 10.

Austria—Officers, 16; men, 272; guns,
2; horses, 80.

The details of the Russian and Japan-
ese forces landed are not available.

Ten Cent Cotton.

Americus, Ga., Sept. 7.—For the first
time in 12 years, cotton sold in Ameri-
cus Thursday at 10 cents a pound. Sev-
eral hundred bales were purchased at
that price. As a rule farmers here are
selling at prevailing figures.

STRIKE ALMOST SURE.

It Is Believed the National Board Will
Issue a Strike Order.

Indianapolis, Sept. 7.—The national
board of United Mine Workers of Amer-
ica went into closed session at 10 o'clock
this morning. Fred Dilcher, the
board member, has arrived, just from
Wilkesbarre, Pa. The full board took
up the anthracite situation. John
Mitchell, the president, was in commu-
nication with Hazleton, Pa., by long
distance telephone. No encouragement
was received. A general strike order
will probably be issued.

W. D. Van Horn's presence here lends
color to the reports that the national
board is carefully preparing to "whip"
the bituminous operators into a position
where no relief can be given the anthra-
cite operators after the strike is on.

LUMBER FOR TROOPS.

It Is to House the Americans Now in
the Chinese Empire.

Seattle, Wash., Sept. 7.—The govern-
ment transport Goodwin, now at Ta-
coma, is loading building lumber for the
troops in the orient. She will come to
Seattle to complete her cargo of 2,500-
000 feet, taking also 600 doors and 800
windows, and then will sail for Taku,
China.

The war department is to establish a
temporary post at Taku. This point is
the entre port of China and all supplies
for American troops there must pass
through before delivery.

Local officers of the army believe that
this shipment of lumber indicates that
regardless of the settlement of Chinese
affairs or the continuance of war, Ameri-
can troops are to be kept in China for
at least six months.

DOUBLE TRAGEDY.

Ranch Foreman Kills a Japanese and
Blows Himself Up.

Fresno, Cal., Sept. 7.—A double tra-
gedy took place on a ranch 16 miles from
Fresno, near the village of Centerville.
Frank W. Browning, foreman for
W. G. Uridge, became insane and im-
agined that the Japanese laborers were
conspiring against him. He emptied
both barrels of his gun into a Japanese,
the first shot taking effect in the small
of his back and the second carrying
away his right arm, killing him. He
then walked half a mile to Uridge's
powder house and blew it up, the explo-
sion startling the country for miles
around. Browning's head and limbs
were torn from the trunk, the body be-
ing left unrecognizable.

COTTON TOO HIGH.

Cotton Spinners in England Will Buy no
More This Month.

Manchester, Eng., Sept. 7.—At a
meeting of cotton spinners here it was
decided practically unanimously to not
purchase American spot cotton during
the month of September. Four-fifths of
the employers in the trade were rep-
resented. It is anticipated the decision
will lead to the closure of scores of mills
for several weeks.

Sunday Games Caused Trouble.

Fort Wayne, Ind., Sept. 7.—Rev. R.
D. Spellman, representing the Good
Citizen's league, has commenced im-
peachment proceedings in the circuit
court against Prosecuting Attorney E.
V. Emerick. The Good Citizen's league
has been making efforts to prevent Sun-
day baseball in this city, and Emerick
refused to make affidavits against the
players on information filed in the court,
charging them with violating the law
against Sunday playing. The charge is
made that the prosecutor had agreed
with the attorney for the players not to
make affidavits in the circuit court, after
small fines had been paid in the justice's
court. The baseball association has been
accustomed to go before a justice after
Sunday games, enter a plea of guilty
and receive a fine of 1 cent for it.

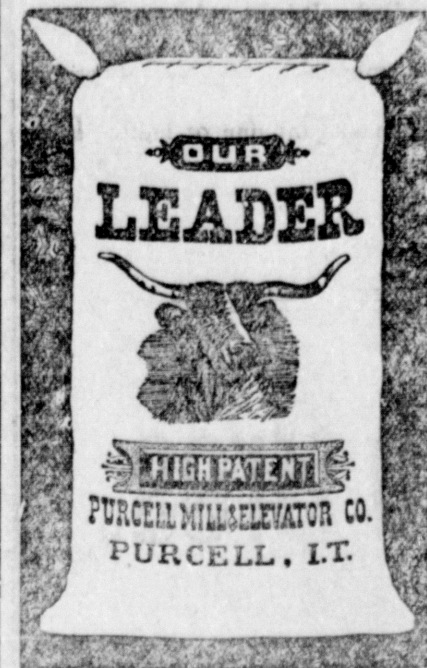

Report From Roberts.

London, Sept. 7.—General Roberts re-
ports from Belfast under date of Wednes-
day, Sept. 5, as follows:

"Ian Hamilton traversed Dulstroom
yesterday with slight opposition. Gen.
Buller engaged the enemy's left this
morning. Hamilton is endeavoring to
turn the enemy's right."

"The Boers with two guns and pom-
poms this morning attacked 125 Canadian
mounted infantry guarding the railway
between Pan and Wondersfontein.
Mahon proceeded to their assistance, but
the band had beaten off the enemy be-
fore he arrived. It was a very credible
performance. The wounded were
Major Handers and Lieutenant Moodie,
slightly, and two men. Six men miss-
ing."

PRISONERS MUTINY.

Four Filipinos Killed and Fifteen Are Wounded at Manila.

Washington, Sept. 7.—Manila newspapers, just received at the war department, give details of a desperate mutiny among the native prisoners in Bilbid prison, which resulted in the death of four and the wounding of 15 of them. The report states the outbreak came without the slightest warning on the hot summer afternoon of July 16 last.

A little wizened Filipino, serving a life term, assumed a crouching attitude and began to creep up behind the native foreman giving utterance to a low growl like a wild beast. The effect was electrical on the other convicts and in an instant the muttering had grown to a wild roar and every prisoner making for the keepers with murder in his eyes. The senior captain of the native guard when he commanded the little mob to disperse, was slashed across the back of the head with a bolo.

Then the infuriated men started for the gateway of the prison to overpower the guard and escape. They were met by Major Roger, commandant, and a small portion of the guard, who fired a volley into the ranks of the fugitives. Three men fell and it seemed to check the prisoners for an instant, but their leader urged them on. Though already wounded by the first fire, his spirit unbroken, and four times rifles spoke before he fell.

Then like rats in a trap the prisoners tried first one gateway and then another and very probably would have overpowered the guard and made their escape had not the American prisoners themselves come to the rescue and helped capture the fugitives. A few more volleys from their reinforced pursuers and the prisoners scurried to their quarters in abject terror.

PUBLIC WARNED.

Postoffice Department Stamps a Washington Concern as a Fraud.

Washington, Sept. 7.—The postoffice department has issued the following:

"A fraud order has been issued by the postoffice department against the Teachers' Agency, American Civil Service college, L. D. Bass, manager, R. M. Hines, secretary and treasurer; L. D. Bass and R. M. Hines individually, all of Washington, D. C., directing the postmaster at Washington to return to writers, stamped 'fraudulent,' all mail matter arriving at the postoffice for either of these parties or concerns and forbidding the payment of any money orders drawn to their order.

"This action was the result of an investigation by the post office department which showed these parties under their own names and those of the concerns above mentioned were using the mail for obtaining money from teachers throughout the United States and from those desiring to make preparation for civil service examination, by means of false and fraudulent pretenses representations and promises. This scheme was a revival of one operated by L. D. Bass some time ago under his own name and that of the Union Teachers' Agencies of America, bureau of civil service instruction, etc., against which 'fraud' orders already have been issued."

MILL HANDS CAUGHT.

They Deposited With a Loan Association Which is Insolvent.

Pittsburg, Sept. 7.—The Fifth Avenue Savings and Loan association of McKeesport, Pa., is insolvent and the Mercantile Trust company of this city has been appointed temporary receiver. It is alleged a discrepancy of \$22,000 has been discovered in the accounts of the former secretary, but no proceeding has been instituted. The cash value of the association is \$467,690.04 and the failure is the largest in the history of building and loan associations in the state. Nearly 1700 mill workers had deposited all their savings in the concern, expecting to buy homes.

SIX BLOCKS BURN.

An Illinois Town Swept by Fire That Causes Much Loss.

Peoria, Ill., Sept. 7.—The business portion of the town of Manito, 22 miles south on the Peoria and St. Louis railroad, was destroyed by fire which started late Thursday night. Six business blocks have been burned including Heckman Brothers furniture establishment where the fire started. The town is without fire protecting and help was asked from Pekin and this city. The loss will exceed \$50,000.

Standing Reward for Fire Bugs.

Marlin, Tex., Sept. 7.—Mayor Kennedy has offered a standing reward of \$100 for the arrest and conviction of fire bugs. During the past few months this city has lost a valuable hotel, several residences and stores, and the high school building was burned Sunday night. The latter fire was undoubtedly of incendiary origin, and there were suspicious circumstances connected with other fires, which caused the mayor to take the action he has. Is believed the reward will prove of more avail than will the hiring of detectives, as it is to apply to offenses past and future.

ROCKHILL'S EXPLANATION.

Does Not Deny Interview, but States It Was a Personal Conversation.

Shanghai, Sept. 7.—William W. Rockhill, United States special commissioner to China, when questioned Thursday regarding his denial of statements made by him to a correspondent of the Associated Press and cabled to the United States from Shanghai last Sunday, said the state department had cabled him regarding the interview, and as he considered the conversation a personal he had felt justified in replying that he had given no interview.

The correspondent of the Associated Press on the occasion in question, visited Mr. Rockhill as a correspondent and for the purpose of inquiring whether, in Mr. Rockhill's opinion, Russia would withdraw from Pekin. As Mr. Rockhill did not request the correspondent to refrain from publishing his views as expressed during the conversation, the correspondent thought he desired to have them made known.

HUNTINGTON'S SUCCESSOR

James Speyer Elected on the Board of Directors of Southern Pacific.

New York, Sept. 6.—At a special meeting of the directors of the Southern Pacific company, of record on account of Mr. Huntington's death were adopted. Bylaws of the company were amended so as to provide for a chairman of the board and for weekly meetings of the executive committee. C. H. Tweed was elected chairman of the board.

A committee consisting of O. H. Tweed, J. Speyer and D. O. Mills was appointed to consider the question of a successor to the late President Huntington.

Mr. Huntington's place on board of directors was filled by the election of James Speyer.

No selection of president was made.

Licenses Must Be Revoked.

Guthrie, O. T., Sept. 7.—The supreme court has handed down an opinion which records the most important victory of the antisaloon league in Oklahoma. The court sustained the league's application for an alternate writ of mandamus compelling the county commissioners of Oklahoma county to revoke the license of the Marranan & Bro., of Oklahoma City pending the hearing of contested saloon petition in the district court of that county. This decision affects 15 firms to whom were issued licenses under the same methods as this one and will probably shut up each saloon affected.

Stung to Death.

Waco, Tex., Sept. 7.—Gaines Carden, who resides near Gatesville, lost a valuable team, consisting of a horse and mule, in rather a peculiar manner. The animals were pulling a lawn mower in the yard and by accident upset a number of beehives on a bench. The bees swarmed about the two animals, and in a short time stung them to death. The mule lived an hour or two in great agony but the horse died in a few minutes after being attacked.

Death of a Veteran.

Cameron, Tex., Sept. 6.—George W. Thach, who had resided in this county since 1856, died at his home here after a brief illness. George W. Thach was a veteran of the Mexican war, having served in a Tennessee regiment under General Taylor, and participated in the battle of Buena Vista and the capture of Monterey. The regiment was mustered out at New Orleans.

Women Who Work

Nine out of ten women are afflicted with some of the common ailments known as female diseases. Among women whose employment requires them to stand on their feet or sit in the same position all day, not one in twenty-five escape these troubles. The average feminine constitution cannot, unaided, withstand the strain to which steady, trying work subjects them. The organs of womanhood are so delicate and finely adjusted that the inevitable result of constant standing, lifting, stooping or straining is displacement of vital parts. The disorder is usually slight at first, but soon develops into irregular or painful menstruation, leucorrhoea or falling of the womb. Wine of Cardui is the right remedy for female weakness. As such it is offered to you. Wine of Cardui will not perform miracles, but it will, if taken as directed, insure painless and regular operation of the menstrual function. It will drive out every trace of leucorrhoea, and will so strengthen the ligaments that falling of the womb will be an impossibility. Don't you think it would pay you to try a medicine with such a record as that? You can get a \$1 bottle of Wine of Cardui at any drug store and use it in the privacy of your home.

I have been in bad health with falling of the womb, weak back, nervousness and heart palpitation. At monthly periods I would be in bed suffering great pain. Lately I have been taking Wine of Cardui and Theodor's Black-Draught, and they have brought me wonderful relief. I have no pain, and do not stop work at the monthly period.

Another Expansion.

It will be of interest to the read-
ers of the Eagle who use McElree's
Wine of Cardui in their homes to
know that the sale of this remedy
has so increased during the past
year, that the manufacturers have
again had to increase their capaci-
ty by the addition of another large
building. It has often been said
that an article that finds favor with
the ladies is sure to achieve great
success. No more striking exam-
ple of this could be found than the
history of Wine of Cardui. From
thousands of ladies' letters
received by the manufacturers,
the following are selected:

From Mrs. Mary Pankowski,
33 Rose Street, Chicago, Ills.

I have taken a bottle of Wine of
Cardui and feel much better than
when I wrote you.

From Mrs. J. L. Todd, Salvey, S. C.
I do not think I would have been
living if I had not taken Wine of
Cardui.

From Mrs. W. S. Harris, 715
Walker Street, Kansas City, Kans.
I have tried Wine of Cardui and
found it to be the greatest medi-
cine on earth for female troubles.

FUSION IN MINNESOTA.

Democrats and Populists Combine and
Nominate State Officers.

St. Paul, Sept. 7.—The Democrats in
this city and the Populists in Minneap-
olis in their state conventions nominated
a fusion ticket on state offices and an
electoral ticket yesterday. The Demo-
cratic convention in this city was one of
the most enthusiastic gatherings ever
held in Minnesota.

Nearly every one of the 1140 delegates
was in their seats when Chairman L.
A. Rosing rapped for order.

The following ticket was nominated:
Governor—John Lind.

Lieutenant governor—T. J. Meighan.
Secretary of state—M. E. Nairey.

Treasurer—H. C. Koerner.

Attorney general—Robert C. Sanders.

Railroad commissioners—P. M. Ring-
dahl and J. B. Knox for four years and
S. M. Owens for two years.

Chief justice—Frank C. Brooks.

Associate justice—J. C. Nethaway.

After completing the work, both con-
ventions joined in a big mass meeting
in this city at the auditorium. Gov.
Lind made the principal address which
was a formal acceptance of the nomina-
tion for governor and a discussion of
state and national issues.

Roosevelt's Reception at Detroit.

Detroit, Sept. 6.—The initial meet-
ing of Governor Roosevelt's western tour
which was held in the big assembly
room of the Detroit Light Guard armory
Thursday night, was all that the gov-
ernor's most ardent partisans could
have desired in point of attendance and
enthusiasm. The floor and galleries of
the great hall were crowded.

As the vice presidential candidate
made his way up through one of the side
aisles a large portion of the audience
stood upon chairs and yelled for
"Teddy."

When the governor rose to speak the
crowd arose almost en masse and re-
mained standing and shouting for some
time. The governor's speech occupied
about an hour in delivery and was lis-
tened to throughout with thoughtful
attention.

Roosevelt rough riders, where he made
speech. He left here for Saginaw.

Bryan Returning to Chicago.

Cambridge, O., Sept. 7.—William J.
Bryan left Wheeling for Chicago this
forenoon. At Cambridge there was as-
sembled a crowd of several hundred
people who demanded a speech. Mr.
Bryan spoke for three minutes, confin-
ing himself to trusts and was heartily
applauded.

Utah Democrats.

Salt Lake, Sept. 7.—The Democratic
state convention has adopted a resolu-
tion providing in case of a Democratic
legislature, the selection of United
States senator to be determined by a ca-
ucus of Democratic members.

W. H. King was renominated for con-
gress by acclamation.

For governor, James H. Moyle was
nominated on the first ballot, and for
secretary of state, Fisher S. Harris was
nominated.

Montana Republicans.

Helena, Sept. 7.—The Republican
state convention has completed its state
ticket and adjourned. The platform
denounces the Republican members of
the last legislature who voted for W.
A. Clark, Democrat, for United States
senator. A resolution was adopted
calling on Senators Hobson, Michell,
Philipps and Geiger who were among
this number to resign at once, so that
other senators can be selected.

HOW WE WILL SETTLE
Administration Favorable to the
Appointment of a Commission.
BELIEVED BEST WAY
The One Man Idea Not Very Pleasing
to the Washington Authorities.
France Wants Russia to
Modify Proposal Some.

Washington, Sept. 7.—It seems to be regarded highly probable in official circles that when the time arrives for actual negotiations looking to a settlement with China, this government will appoint a commission for that purpose rather than place negotiations in the hands of a single individual. There have been various suggestions as to who might be appointed upon such commission, but it is positively stated that as yet no definite selections have been made. As to the numerical strength of the commission, the general impression seems to be that it will not consist of more than five members, more likely three and possibly only two.

It can be stated upon highest authority there will be upon the commission some American of preeminent ability, whose reputation will be an immediate guarantee that the American interests will be safe in his hand whose standing before the world will be such as to give him and those associated with him prestige abroad.

It is believed the administration is now casting about for such a man to head the commission when it will be ready to appoint it. The names of ex-President Harrison, ex-Secretary of State Day and John Bassett Moore, who was secretary of the peace commission at Paris, have been mentioned in this connection.

No information is obtainable regarding a new policy, which it has been rumored the government is preparing for transmission to the powers. The only thing definite concerning it was a positive statement that it has not been sent.

No representations have been made by this government looking to the return of the Chinese imperial authorities to Peking.

France Proposes a Compromise.
Paris, Sept. 7.—Active negotiations are in progress looking to some compromise arrangements with Russia regarding the position she has assumed toward Peking. Communications exchanged between the powers now have a better promise of success. The compromise suggested from here is the withdrawal of forces of all the powers from Peking leaving an international guard to protect the legations, which will be allowed to remain at the Chinese capital pending peace settlement. The main body of troops it is also said will retire to the neighborhood of Tien Tsin, leaving sufficient forces along the road to keep the route open and railroad between Peking and Tien Tsin.

Wants an American Escort.
London, Sept. 7.—A special dispatch from Shanghai says Li Hung Chang has made a request for an American escort to accompany him to Peking and that United States Consul Goodnow is considering the request.

Money to Pay Troops.
San Francisco, Sept. 7.—The steamer China which has sailed for Hong Kong, carried nearly \$1,500,000 in gold and silver currency for the United States troops in China.

Tried to Kill His Stepdaughter.
New York, Sept. 7.—Samuel Hayes, a plumber, is under arrest for attempting to take the life of his 10-year-old stepdaughter, Margaret D. Campbell. Hayes while intoxicated walked into the child's bedroom and cut her throat while she lay sleeping in a cot. Her screams brought her mother, and the man was arrested. The child is in the hospital where 17 stitches were taken to sew up the wound and the physicians have some hopes of saving her life.

Texas Commission Vacancy.
Austin, Sept. 7.—The announcement that Judge John H. Reagan, chairman of the Texas railroad commission, has decided to resign from that position the first of the year, has caused a number of aspirants to enter the contest for the appointment as his successor.

Bank for Durant.
Bonham, Tex., Sept. 6.—Several Bonham capitalists have succeeded in getting all the stock subscribed for a national bank at Durant, I. T., and as soon as necessary papers can be secured from Washington officers will be elected and bank opened.

Thieves Break Into a Depot.
Whitehall, Ills., Sept. 7.—The Burlington depot at West Roodhouse, two miles north of Whitehall, was entered by thieves. The money drawer was opened and destroyed, but as there was no money nor anything else of value in the depot the thieves got nothing.

Merchant Killed.
Monroe City, Mo., Sept. 7.—R. Leake, a merchant of Hannewell, a village seven miles east of here, was run over by a Burlington freight and killed. His skull was crushed.

Yellow Fever in Cuba.
Havana, Sept. 7.—The yellow fever situation is improving a decrease in the number of deaths from 89 to 75, being reported since Sept. 1.
